

GPDesign

We enhance life with authentic innovations for people who appreciate user-centered design and smart performance

beam

A collection of flashlights meticulously crafted for easy handling and robust performance.

Effortless light control

Easy one-hand operation.
Rugged ergonomic design.
High quality finish.
Registered Patent Design. *

Premium grade aircraft aluminium
Quality Cree LED

Ribbed for extra grip

Anti-roll lanyard loop

Main button (rubber)

Full press: On / Off
Half press: Momentary-on

Mode button (stainless steel)

Press & hold: Strobe mode
Tap to cycle brightness: High / Medium / Low

Rechargeable (PR52 & PR57 models)

Tail stand and anti-roll	10. 3 brightness levels plus strobe to suit different applications and needs	10. 3 brightness levels plus strobe to suit different applications and needs	10. Equipped with removable pocket clip	10. Equipped with removable pocket clip
				11. 3 brightness levels plus strobe to suit different applications and needs				

Discovery-Compact Range

LCE 202

- ★ 1 x super bright CREE LED (lifetime up to 50,000 hrs)
- ★ Durable aluminium casing
- ★ Non-slip rubber grip
- ★ Focusing optical lens
- ★ With metal key ring
- ★ Water resistant
- ★ Impact resistant
- ★ Available in 8 colors
